

LIMA'19 CHIEF OF NAVIES' ROUNDTABLE TALK AND NATIONAL MARITIME CONFERENCE

The LIMA'19 Chief of Navies' Roundtable Talk (CNRT) and National Maritime Conference (NMC) will be held on 26 and 27 March 2019 respectively. It is with great honour and pleasure that I invite you to participate in these events.

Over the years, the CNRT has gained significant importance as it provides a perfect platform for the Chief of Navies to discuss issues and share experiences. Hence the theme "**Commandeering Today's Navy to Safeguard Tomorrow's National Interests: Aligning Navies' Strategy with National Development Goals**", could not be more apt for the forthcoming edition. While the NMC will provide an insightful discussion on the challenges and opportunities surrounding the theme of "**Malaysia a Maritime Nation: Charting the Passage**".

Featuring over 20 Chief of Navies, leaders of Malaysia's maritime agencies, and over 200 delegates, the purpose of both dialogues are to share information and experiences of how navies and maritime agencies can collaborate and utilize innovative technologies to fulfill strategic, operational and tactical requirements, with the overall goal of supporting and reinforcing National Development Goals. Drawing from operational case studies in modern day theatres, the conference will also provide a good platform for militaries and defence industry players to add a fresh perspective to this issue as well as offer an excellent opportunity for networking.

The Royal Malaysian Navy has nominated and is working together with International Quality Productivity Centre (IQPC) to finalise the details of the conference, and IQPC will be glad to update you with further information later. Please confirm your participation to them at the earliest opportunity.

I truly hope to see you at the LIMA'19 CNRT and NMC, and look forward to welcoming you there on the day itself.

With Warm Regards,

Admiral Mohd Reza bin Mohd Sany
Chief of Navy
Royal Malaysian Navy
