DEAR INDUSTRY COLLEAGUES

Following the success of our FPSO Africa, Brazil, and World Congress series, we are excited to present FPSO Asia Congress 2026 – the region's premier meeting point for project owners, contractors, and technology providers shaping the next generation of floating production systems.

Asia-Pacific's FPSO market is on a strong upward trajectory, projected to reach USD 13.06 billion by 2025, with an impressive 8.51% CAGR through 2030. As Asia's market evolves, the focus is shifting towards localisation and domestic value creation. Governments and NOCs are driving stronger regional partnerships with shipyards, EPCs, and diversified suppliers to reduce costs, mitigate risks, and fast-track project execution. Standardised designs and modular construction techniques are paving the way for FPSOs built in Asia, for Asia.

FPSO Asia Congress 2026 celebrates this regional transformation – bringing together the visionaries and innovators who continue to redefine what's possible offshore. Through exclusive boardroom discussions, project showcases, and strategic networking sessions, the Congress offers a dynamic platform to explore commercial priorities, innovation pathways, and collaborative opportunities across the FPSO value chain.

Join us in shaping Asia's offshore future – where innovation meets execution, and the next chapter of the FPSO journey begins.

CHRISTINA EMMANUELLE

Program Director

FPSO Network

WHAT'S UNIQUE ABOUT FPSO ASIA CONGRESS 2026

RUNNING IN ITS INAUGURAL YEAR

This is a highly-curated laser-focused gathering designed for leaders directly involved in FPSO operations in Southeast Asia

OVER 70% OF OUR ATTENDEES HOLD SENIOR-LEVEL POSITIONS

from across Oil and Gas Producers, FPSO Contractors and Owners, EPCs, Shipyard, Owners, Power and Energy Producers and more

STRATEGICALLY HELD IN MALAYSIA,

you will get to leverage on Malaysia's position as the heart of Asia's FPSO trade

FPSO ASIA CONGRESS IS PART OF THE GLOBAL OIL & GAS COMMUNITY

FPSO Network – with over 20,000 members worldwide

EVENT THEMES AND KEY SESSIONS NOT TO MISS

Enabling FPSO Expansion in Asia Pacific: Collaboration, Governance, and Growth

Building cohesive partnerships to capture new project opportunities

Aligning business objectives to support regional project acceleration

Leveraging digital collaboration platforms for faster, integrated delivery

Connected FPSOs: Remote Monitoring and Control

Integrating offshore and onshore operations through advanced digital platforms

Using real-time data to improve decision-making and production efficiency

Enhancing safety with remote diagnostics and control systems

Accelerating FPSO Delivery Through Advanced Engineering Design

Modular construction approaches for faster project schedules

Standardised topside layouts to cut costs and improve repeatability

Aligning engineering innovation with yard and EPC capabilities

The Battle for Yard Space: How Asia's Shipyard Constraints Will Redefine FPSO Strategies

Outlook on the coming capacity squeeze — and how global mega-projects are crowding Asia's yards

The hidden disadvantage for smaller and mid-tier Asian developments seeking priority in an overcommitted market

Why conversions and redeployed FPSOs are poised to surge — and how early movers can lock in slots and outperform competitors

WHO YOU'LL GET TO MEET

ROADMAP

Energetic speed networking: Connect, thrive, succeed in moments!

Engaging panels featuring diverse perspectives to inspire and drive transformation.

Join thought provoking and interactive roundtable discussions for insightful and practical insights.

7th April 2026 **PRE-CONFERENCE FOCUS DAY**

Reassessing the FPSO value chain from design to operation is essential to ensuring long-term reliability across future projects. At the same time, industry leaders must navigate the economics of FPSO deployment, carefully balancing risk and reward to maximise performance and commercial outcomes. Through interactive roundtable discussions, participants will exchange actionable insights and strategies that can be applied directly to ongoing and upcoming FPSO initiatives.

8th April 2026 **MAIN CONFERENCE DAY 1**

Accelerating regional FPSO growth will require stronger collaboration and effective governance to support long-term industry development. As operators explore deepwater expansion and emerging offshore opportunities, the focus is increasingly shifting toward driving localisation and domestic value creation across Asia's FPSO sector.

9th April 2026 **MAIN CONFERENCE DAY 2**

Unlocking operational efficiency now hinges on embracing digital transformation and leveraging predictive insights to optimise performance. At the same time, operators are accelerating FPSO upgrades through modular innovation and flexible retrofit strategies that reduce downtime and extend asset life. Integrating remote monitoring, automation, and robotics is further enabling safer, smarter, and more efficient offshore operations.

10th April 2026 **POST-CONFERENCE FOCUS DAY**

Driving cost efficiency across FPSO life-extension projects is becoming increasingly critical, but it must be achieved without compromising safety or reliability. At the same time, operators are seeking to accelerate turnarounds and shorten redeployment timelines—from lay-up to first oil—through more streamlined workflows and improved project coordination.

Main Conference Day One Wednesday, 8 April 2026	
08:00	Morning Refreshments & Registration
08:50	Welcome Address by FPSO Asia Congress 2026
08:55	Opening Remarks by Chairperson Ikhwan Sunoto , Member Council, SPE & MOGSC
FPSO Market Outlook & Expansion in Asia Pacific	
09:00	Panel Discussion Enabling FPSO Expansion in Asia Pacific: Collaboration, Governance, and Growth <ul style="list-style-type: none"> • Building cohesive partnerships to capture new project opportunities • Aligning business objectives to support regional project acceleration • Leveraging digital collaboration platforms for faster, integrated delivery <i>Moderator: Ikhwan Sunoto</i> , Member Council, SPE & MOGSC Senior Representative, CNOOC Gilles Lamerie , Group Subcontract Director, SBM Offshore Andika Suryodipuro , Operations Engineering Manager, Eni
09:30	Industry Thought Leadership
10:00	Tracking Asia’s FPSO Growth Amid Deepwater Expansion <ul style="list-style-type: none"> • Highlighting offshore exploration surges in Malaysia, Australia, and China • Forecasting Asia’s contribution to the global FPSO market, projected at USD 13.06 billion by 2025 • Mapping sanctioned and pre-sanctioned projects across Southeast Asia • Identifying key players driving regional capacity and innovation Dirzi Zaidan , Project Manager, Husky-CNOOC
10:30	Speed Networking Session
10:50	Morning Break & Refreshments
11:20	Regional Hotspots: Mapping FPSO Growth Across Asia-Pacific <ul style="list-style-type: none"> • Rising FPSO demand in established hubs such as Malaysia, Indonesia, Vietnam, India, and Australia • Emerging opportunities in frontier markets including the Philippines and Papua New Guinea • Strategic implications for operators, contractors, and investors navigating Asia-Pacific’s diverse offshore landscape Senior Representative, Woodside Energy
11:50	Industry Thought Leadership
Localisation & Domestic Value Creation in Asia	
12:20	Fireside Chat Building Competitive Advantage Through Local Fabrication and Integration <ul style="list-style-type: none"> • Capturing cost savings through modular construction and local assembly • Mitigating risks of offshore deployment by maximising local integration • Balancing speed, quality, and local participation in fabrication <i>Moderator: Ikhwan Sunoto</i> , Member Council, SPE & MOGSC Gilles Lamerie , Group Subcontract Director, SBM Offshore
13:00	Lunch Break
14:00	Unlocking Cost Efficiency Through Regional Shipyard and EPC Collaboration <ul style="list-style-type: none"> • Leveraging Asia’s competitive shipyard ecosystem for fabrication and integration • Aligning operators and EPCs to reduce delays and cost overruns • Streamlining engineering-to-fabrication workflows in local yards

	Wahyudin Sunarya , Vice President, Marketing, Legal and Business Support, Husky-CNOOC
14:30	Building Supply Chain Agility for Asia’s FPSO Projects <ul style="list-style-type: none"> Identifying bottlenecks in procurement, fabrication, and delivery Adapting to shifting market dynamics and demand surges Creating more flexible contracting and sourcing models Gilles Lamerie , Group Subcontract Director, SBM Offshore
15:00	Afternoon Break & Refreshments
15:30	Enhancing Project Delivery Through Strategic Supply Chain Diversification <ul style="list-style-type: none"> Strengthening project control by reducing reliance on limited OEMs and suppliers Leveraging regional sourcing to optimise cost and schedule performance Mitigating procurement delays through proactive multi-vendor management Naimur Rahman , Project Controls Manager, Sinopec International Petroleum
16:00	The Battle for Yard Space: How Asia’s Shipyard Constraints Will Redefine FPSO Strategies <ul style="list-style-type: none"> Outlook on the coming capacity squeeze — and how global mega-projects are crowding Asia’s yards The hidden disadvantage for smaller and mid-tier Asian developments seeking priority in an overcommitted market Why conversions and redeployed FPSOs are poised to surge — and how early movers can lock in slots and outperform competitors Afiqah Ali , Supply Chain Research Lead, Rystad Energy
16:30	Looking Beyond 2026: What Will Shape Asia’s Next Wave of FPSOs? <ul style="list-style-type: none"> Anticipating second-order impacts of today’s hotspots (Malaysia, Indonesia, Australia) How shipyard constraints and supply chain inflation will reshape project sequencing The rising role of redeployments, digital execution, and regional partnerships
17:00	Chairperson’s Closing Remarks and End of Congress Day 1

Main Conference Day Two

Thursday, 9 April 2026

08:00	Morning Refreshments & Registration
08:50	Welcome Address by FPSO Asia Congress 2026
08:55	Opening Remarks by Chairperson Ikhwan Sunoto , Member Council, SPE & MOGSC
Implementing New Technologies for FPSO Operational Excellence and Upgrades	
09:00	Panel Discussion Digital Transformation in FPSO Operations: Unlocking Efficiency, Safety, and Performance <ul style="list-style-type: none"> • Leveraging data and digital tools to optimise FPSO asset performance • Minimising maintenance costs and downtime through predictive insights • Strengthening operational safety and decision-making with enhanced modelling and simulation Moderator: Ikhwan Sunoto , Member Council, SPE & MOGSC Dr Wan Juliana Wan Abdullah , Director HSSEQ, MISC Group Senior Representative, SPE Danilo Giuliani , HSE Manager, Eni
09:40	Industry Thought Leadership
10:10	Modular Innovation: Upgrading FPSOs for the Future <ul style="list-style-type: none"> • Accelerating retrofit schedules with modular construction approaches • Lowering costs through standardised designs and components • Enabling flexible upgrades to adapt to evolving field requirements Mohd Shahrizan Abd Rahman , Head of Project Controls, Petronas
10:40	Speed Networking Session
11:00	Morning Break & Refreshments
11:30	Connected FPSOs: Remote Monitoring and Control <ul style="list-style-type: none"> • Integrating offshore and onshore operations through advanced digital platforms • Using real-time data to improve decision-making and production efficiency • Enhancing safety with remote diagnostics and control systems Dr Wan Juliana Wan Abdullah , Director HSSEQ, MISC Group
12:00	Industry Thought Leadership
12:30	Autonomous FPSOs: Robotics and Automation at Sea <ul style="list-style-type: none"> • Using drones and robotics for inspection and maintenance • Reducing human exposure to hazardous environments • Streamlining operations through automated systems Ir VTS , Offshore Installation Manager, ConocoPhillips
13:00	Lunch Break
Engineering Excellence for Next-Gen FPSOs in Asia	
14:00	Accelerating FPSO Delivery Through Advanced Engineering Design <ul style="list-style-type: none"> • Modular construction approaches for faster project schedules • Standardised topside layouts to cut costs and improve repeatability • Aligning engineering innovation with yard and EPC capabilities Jegan Mahalingam , Head of Engineering, MODEC
14:30	Engineering FPSOs for Next-Generation Energy Transition Needs <ul style="list-style-type: none"> • Designing FPSOs with decarbonisation and energy efficiency in mind • Integrating renewable energy inputs into offshore operations • Building adaptability into designs for future retrofits and upgrades Sarimah Talib , Vice President & External Relations, Bumi Armada

15:00	Afternoon Break & Refreshments
15:30	<p>Fireside Chat</p> <p>Advanced Engineering: Designing for Reliability and Resilience</p> <ul style="list-style-type: none"> • Applying systems engineering to optimise FPSO performance and safety • Enhancing structural integrity for deepwater and harsh environments • Incorporating lifecycle planning into FPSO design for long-term value <p>Agus Sujatmoko, Acting Engineering Manager, Harbour Energy</p>
16:00	<p>Standardisation Across FPSO Projects: Boosting Efficiency and Quality</p> <ul style="list-style-type: none"> • Harmonising engineering designs to improve cross-project consistency • Reducing complexity in fabrication and integration phases • Leveraging standardised components to lower CAPEX and OPEX <p>Roy Mackenzie, Head of Department – Installation, MODEC</p>
16:30	<p>Fireside Chat</p> <p>Engineering Optimisation: Balancing Weight, Space, and Performance</p> <ul style="list-style-type: none"> • Strategies for topside weight reduction without compromising capacity • Space optimisation for compact FPSO layouts • Material and modular innovations to improve balance and buoyancy <p><i>Moderator:</i> Ikhwan Sunoto, Member Council, SPE & MOGSC</p> <p>Agus Sujatmoko, Acting Engineering Manager, Harbour Energy</p>
17:00	Chairperson’s Closing Remarks and End of Congress

Pre-Congress Focus Day FPSO 101: Reinforcing Core Concepts for Today’s Projects Tuesday, 7th April 2026		Post-Congress Focus Day Retrofit, Redeploy or Replace: Maximising Value for Ageing FPSOs & Offshore Assets Friday, 10th April 2026	
10:00	Morning Refreshments & Registration	10:00	Morning Refreshments & Registration
10:35	Welcome & Housekeeping Address	10:35	Welcome & Housekeeping Address
10:40	FPSO 101: Strengthening the Design–Construction–Operations Interface for Today’s Projects <ul style="list-style-type: none"> Why getting the fundamentals right in early design is critical for constructability and on-time delivery Key interfaces between engineering, yards, and operations teams that shape project outcomes Ensuring construction-phase decisions support safe commissioning and reliable long-term operations Andy Lazenby, Site Construction Manager, Valuera Energy	10:40	Doing More with Less: Driving Cost Efficiency Across FPSO Life Extension Projects <ul style="list-style-type: none"> Optimising refurbishment scope without compromising safety or reliability Leveraging local yards and supply chains for smarter spending Embedding cost control mechanisms from engineering to execution Aaron George, Head of Reliability & Maintenance Solutions, Petronas

SEEN & HEARD IN OUR FPSO GLOBAL SERIES

“ The FPSO Global Congress series offers a very unique and focused environment to discuss latest technical commercial trends and innovation.

SVP – Yinson Production

“ Attending the FPSO World Congress in Singapore was an incredibly enriching experience. The event was meticulously organized, providing a perfect platform for industry professionals to network, share insights, and discuss the latest advancements. The sessions were highly informative, featuring expert speakers who shared valuable knowledge and innovative solutions.

AVP – Technology - Seatrium

“ The event provides invaluable insights and networking opportunities to drive innovation and collaboration in this field.

Group Subcontract Director - SBM Offshore

WHY SPONSOR US?

SPONSORING OUR EVENT OFFERS A UNIQUE OPPORTUNITY TO CONNECT WITH INDUSTRY LEADERS AND INNOVATORS IN THIS SECTOR, ENHANCING YOUR BRAND'S VISIBILITY AND INFLUENCE IN A NICHE MARKET.

ENGAGE WITH TARGETED AUDIENCE

Our audience comprises passionate individuals from the energy industry who value the work we do. Sponsoring us means connecting with a demographic that is likely to appreciate and support your brand, leading to potential customer loyalty and increased engagement.

BOOST YOUR BRAND VISIBILITY

Sponsoring our conference provides a unique opportunity to showcase your brand to a diverse and engaged audience. Our events, online presence, and community activities ensure your brand receives extensive exposure through various channels.

EXCLUSIVE MARKETING OPPORTUNITIES

As a sponsor, you gain access to exclusive marketing opportunities tailored to meet your needs. From brand placements at our events to mentions in our promotional materials, we ensure your brand is prominently featured and well-represented.

SPONSORSHIP OPPORTUNITIES AVAILABLE:

GET YOUR OWN BOOTH!

Create a unique space tailored to your brand when you book a customised exhibition booth with us. Engage our participants by transforming your booth into a creative representation of your world!

DEMONSTRATE THOUGHT LEADERSHIP ON STAGE [ONLY 2 SLOTS REMAINING]

Capture the audience's attention by sharing a client testimonial or join our panel to showcase your expertise alongside our distinguished experts. The stage is yours to shine!

HOST A NETWORKING BREAK, LUNCH OR SESSION

Our participants love enjoying food and drinks in a relaxed, interactive setting. Position your brand strategically in front of everyone during their favorite moments of the day for maximum exposure.
