

HOW THE VIRTUAL EVENT WORKS - TOP TIPS TO MAXIMISE YOUR TIME SPENT WITH US

1 - 2 SEPTEMBER 2020
100% ONLINE

Lobby

From the Lobby you will be able to navigate through to all areas of this virtual event, either by clicking directly onto links or by clicking on the tabs at the top of your screen.

Information Desk

If you have any technical issues or need to ask a question, please head to the Info Desk.

Agenda

The agenda is visible at any time should you wish to check and see what's happening next.

Auditorium

The same as in the physical world, presentations will take place in the Auditorium. Make your way there by following the link from the Lobby or clicking the tab at the top of the page, take a metaphorical "seat", click on the main screen and then select the presentation you want to join. Once the session has ended, return to the Auditorium, click on the screen once again and join your next session.

Exhibit Hall

Ensure you take time during the scheduled breaks to visit the Exhibit Hall. Once in the Exhibit Hall simply click on an individual exhibitor name and you will be transported directly to the virtual booth where you can view videos, download whitepapers, engage in chat... Our exhibiting partners are looking forward to chatting to you virtually and seeing how best they can add value to your lives.

Networking

Click here to get involved in the conference chat rooms and chat directly with other attendees, speakers and exhibitors. Just because we aren't chatting physically over a cup of coffee and a delicious pastry doesn't mean that we can't make new connections!

Leaderboard

Finally, just the same as in any physical event, points mean prizes! Click here to see how you can earn points and win prizes... Who doesn't like winning?
