

# INTELLIGENT AUTOMATION 2018 YEAR IN REVIEW

INTELLIGENT  
AUTOMATION  
EVENT SERIES

Reshaping  
BUSINESS PROCESSES

## A look back...

Last year the Intelligent Automation event series traveled all over the U.S. to provide attendees with key insight from top professionals on how intelligent automation technologies are revolutionizing the way we work.

01.  
29

IA  
BFSI

NYC was home to our event dedicated to banking, finance, & insurance leaders.

05.  
30

IA  
Canada

We took our event across the border to Toronto.

07.  
30

IA  
Chicago

Our flagship event, bringing together 500+ professionals.

10.  
24

IA  
HR

HR professionals soaked up sun & knowledge in Orlando.

12.  
03

IA  
Austin

Everything's bigger in Texas, and so was this event.

D E L I V E R

### 1 Expert Speakers

Over the course of 2018, we had over 225+ experts join the intelligent automation series to share their journey.

### 2 Thought Provoking Sessions

With over 130 hours of content, our attendees walked away with more knowledge than they ever thought possible!

### 3 Unforgettable Experiences

We worked diligently to make sure attendees had an experience they'd never forget. From our BBQ food trucks in Austin, to the House of Blues in Chicago, we made sure everyone had fun!

## Highlights

From our 2018 event series

#### 95% New

end user speakers on our largest program - IA Week Chicago

#### Global

attendees sharing their different insights on automation

#### Attendees

joining us from organizations such as Facebook, Fannie Mae, and more

#### Network

with our incredible attendees with over 50 hours of networking breaks

## Overheard

At Intelligent Automation

"The conference keeps getting better"  
California Resources Corporation

"Very innovative thinkers...thinking more futuristic and opening the minds of the audience. They also had great delivery styles."  
Canadian Tire

"Good hands-on experience"  
Liberty Mutual

"Very dynamic"  
Coca Cola Company

"Energetic speakers - easily heard and understood; good materials or topics that were interesting to me."  
Ameren Corp
