

**OFFSHORE**  
FACILITIES & MANNING

# ENHANCING SAFETY & EFFICIENCY IN OFFSHORE OPERATIONS

11 September 2024 | Singapore EXPO

# WELCOME TO OFFSHORE FACILITIES & MANNING

## Dear Industry Colleagues,

Offshore Facilities & Manning refers to the human resources management and infrastructure required to support various activities in the offshore industry – which often take place in remote offshore locations. The effective management of manpower, accommodation, safety, and logistics is crucial to ensure smooth and safe offshore operations.

A part of the 2nd World Offshore Week, Offshore Facilities & Manning will bring the industry's leading Operations Managers, Operations Installation Managers (OIMs), Drilling & Production Managers, Maintenance, Asset, Vessel, Infrastructure and Logistics stakeholders from Oil Producers, Offshore Vessel Owners, Shipping and Maritime Companies, EPCs, Shipyards and more together to explore best practices in ensuring safety & efficiency of offshore installations, supporting the offshore sector in harnessing energy resources and maintaining sustainable operations in challenging marine environments.

Join us on 11 September 2024 in Singapore to Enhance Safety & Efficiency in Offshore Operations.

I look forward to meeting you in-person in September 2024!

Best regards,

**Jamie Tan**

Portfolio Director  
World Offshore Week

# WHO WAS THERE IN 2023?

Some of the notable organisations who attended World Offshore Week 2023 include:

- o Golar LNG
- o HBA Future Energy
- o MODEC
- o Kebabangan Petroleum Operating Company
- o Qatar Energy
- o Shell
- o Singapore Petroleum Company
- o TotalEnergies

\*The above companies have been arranged in alphabetical order, and is only a sample of the full list of registered companies to World Offshore Week 2023.

## Job Function:

- o Operational Readiness
- o Project HSSE Manager - Offshore / Subsea Assets
- o Asset Manager
- o Facilities Manager
- o Senior Offshore Facilities Engineer
- o Site Manager
- o General Manager Marine / HSSEQ
- o Principal Engineer HSSE Operations

**1000+** Visitors,  
**600+** Unique  
Companies, **40+**  
Countries

# AGENDA

Offshore Facilities & Manning Wednesday, 11 September 2024	
09:00	Registration
09:40	Welcome & Housekeeping Address
09:45	Chairperson Opening Address
09:50	<b>Low Manned vs Autonomous Offshore Facilities: Challenges and Opportunities</b> <ul style="list-style-type: none"> <li>□ Current state of low manned and autonomous technologies, their limitations and current state of autonomous offshore solutions</li> <li>□ Identifying best practices for crew competency and training in low manned facilities</li> <li>□ Identifying areas where human intervention remains crucial for safe and optimal performance</li> <li>□ Understanding the existing regulations and standards governing autonomous offshore operations</li> </ul>
10:30	<b>Industry Thought Leadership</b>
11:10	<b>Optimizing Offshore Facility Performance</b> <ul style="list-style-type: none"> <li>□ Asset Integrity and Maintenance Strategies: Exploring best practices for ensuring the structural integrity and reliable operation of offshore facilities</li> <li>□ Discussing predictive and preventive maintenance approaches to minimize downtime and extend equipment lifespan</li> <li>□ Showcasing innovative technologies such as drones and remote sensors for condition monitoring and inspection</li> </ul>
11:40	Break
12:10	<b>Facility Upgrades and Modifications</b> <ul style="list-style-type: none"> <li>□ Retrofitting and Upgrading Offshore Facilities: Highlighting the need for upgrading existing offshore facilities to meet evolving safety standards, regulatory requirements, and technology advancements</li> <li>□ Discussing challenges and solutions for retrofitting platforms, accommodation modules, and production systems</li> <li>□ Showcasing successful case studies of facility upgrades that extended operational life and enhanced capabilities</li> </ul>
12:40	<b>Flotels – Offshore Accommodation and Living Quarter Design &amp; Development</b> <ul style="list-style-type: none"> <li>□ Innovations in Offshore Accommodation: Showcasing advancements in accommodation modules, comfort features, and sustainable designs for offshore facilities</li> <li>□ Worker Well-being and Mental Health: Addressing the well-being of offshore workers by providing comfortable living conditions, recreational facilities, and mental health support</li> <li>□ Accommodation Logistics and Rotations: Discussing efficient rotation schedules and logistics to ensure a smooth transition of workers on and off offshore installations</li> </ul>
13:20	<b>Human Capital and Workforce Management in Offshore Operations</b> <ul style="list-style-type: none"> <li>□ Offshore Workforce Trends: Exploring the changing demographics, skill requirements, and recruitment strategies in the offshore industry</li> <li>□ Training and Development: Highlighting the importance of continuous training and skill development for offshore workers to ensure safety and operational excellence</li> <li>□ Workforce Diversity and Inclusion: Discussing strategies to promote diversity and inclusion within the offshore workforce, enhancing innovation and collaboration</li> </ul>
14:00	Break
14:30	<b>Digital Twins, Simulations &amp; Virtual Reality for Continuous Training &amp; Learning</b> <ul style="list-style-type: none"> <li>□ Showcasing effective training programs that enhance offshore workers' technical skills, safety awareness, and emergency response readiness</li> <li>□ Discussing the importance of competency assessment and certification to maintain a qualified and capable offshore workforce</li> <li>□ Exploring innovative training methods, simulators, and virtual reality technologies for hands-on learning experiences</li> </ul>

# AGENDA

15:10	<b>Safety, Emergency Response, and Health Management</b>
	<input type="checkbox"/> Offshore Safety Culture: Emphasizing the importance of fostering a safety-first culture among offshore personnel to mitigate risks and prevent accidents
	<input type="checkbox"/> Emergency Preparedness and Response: Highlighting the strategies, protocols, and technologies for handling emergencies in remote offshore locations
	<input type="checkbox"/> Occupational Health and Medical Support: Discussing medical facilities, telemedicine, and health management programs for offshore workers' well-being
15:50	Chairperson Closing Remarks
16:00	End of Offshore Manning & Facilities

# OUR SPONSORS & PARTNERS

## THOUGHT LEADERSHIP PARTNERS

## PREMIUM LOUNGE SPONSOR

## PREMIUM COFFEE CART SPONSOR

## VISITOR EXPERIENCE SPONSOR

## EXHIBITOR

# SPONSORSHIP OPPORTUNITIES

**World Offshore Week** is the #1 mega show bringing together all industry stakeholders impacting the offshore oil and gas sector. This leading platform is the focal point for the offshore industry to discuss best practices and latest solutions in transforming the future of offshore energy. If you provide these solutions, we can work together with you to design the most suitable strategy to meet your objectives:

## BE POSITIONED RIGHT-IN-FRONT OF THE OFFSHORE OIL, ENERGY & MARITIME LEADERS AND DECISION MAKERS:

### DEMONSTRATE THOUGHT LEADERSHIP

Position your cost-effective, innovative solution in front of active project owners and decision makers through our Speaking Sessions and deep-dive into some of the biggest issues by facilitating our panel discussions.

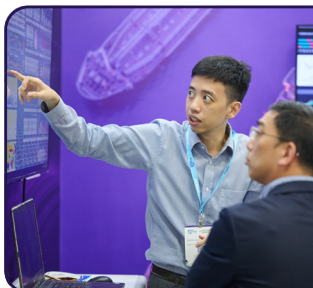

### SHOWCASE YOUR SOLUTIONS – FRONT & CENTRE

Book an Exhibition Booth and demonstrate first-hand how your product/service is the solution to their problem.

### NETWORK & GENERATE LEADS FOR YOUR BUSINESS

Optimize your networking opportunities and get right in front of key decision makers.

### BOOST INDUSTRY VISIBILITY & CORPORATE BRANDING

Enhance your corporate profile and branding by hosting a Cocktail Reception, Delegate Wellness Corners or one of our Networking Breaks – the most conducive time for you to interact with your prospects. Also remain front-of-mind of your target audience by sponsoring our Delegate Bags, Lanyards, Pens, Notepads and more!

## TAILOR YOUR EXPERIENCE NOW

Download our Sponsorship Prospectus to understand how we can work better with you. Contact us now at [sponsorship@iqpc.com.sg](mailto:sponsorship@iqpc.com.sg) to develop a package that is fit-for-purpose, just for you.
