GETTING TO WORLD OFFSHORE WEEK

Address: Hall 2B, Singapore EXPO, 1 Expo Drive, Singapore 486150

[VIEW IN GOOGLE MAPS!](#)

Commuting Tips:

For Visitors travelling via the MRT, the nearest train station is EXPO (CG1 / DT35) along the East-West and Downtown Line respectively

For Visitors travelling via Taxi / Grab / Car, your nearest drop-off point is Foyer 1 (Nearest to Carpark F)

We are covering your transport by giving away **complimentary \$20 Gojek Transport voucher** which you can use in your transport to/fro the event! Simply use the promocode “**WOW2025**” when selecting Singapore EXPO as your starting/end point!

WORLD OFFSHORE WEEK APP ON GEVME

Download the World Offshore Week App by GEVME on your Google Playstore or Apple Store to access essential event information now!

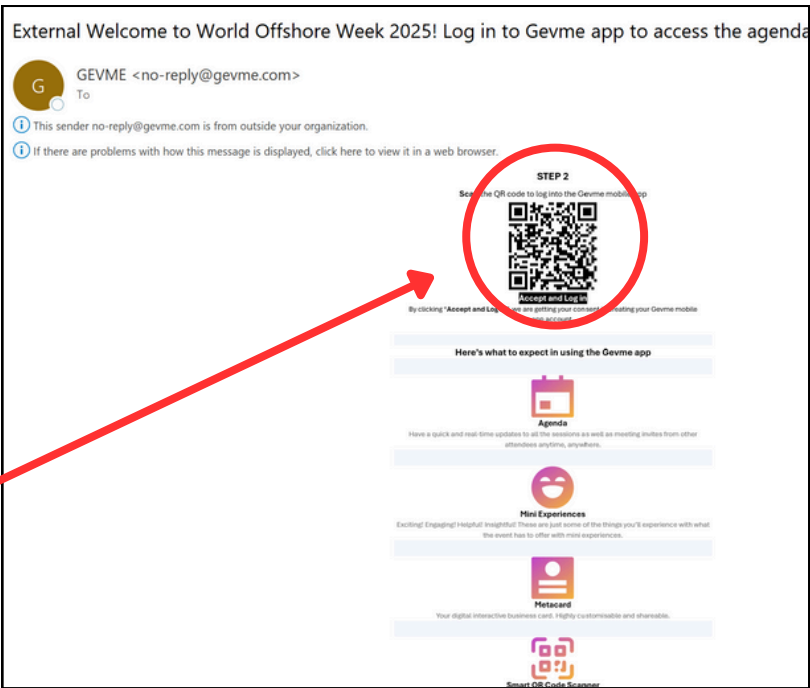

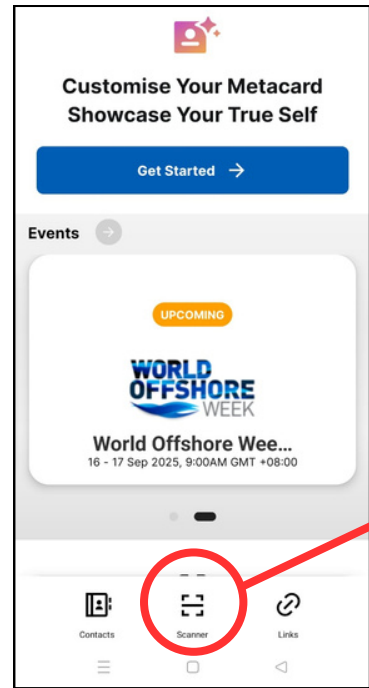

- Entry QR Code
- Agenda
- Floorplan
- Speakers
- Exhibitors
- What's Happening
- Cash Prize Giveaway
- Networking & Business Matching (For All Delegates, Speakers, and Sponsors)

How to access your World Offshore Week App!

Step 1: After downloading the app on the playstore, you will receive an email detailing the steps and a QR Code to login

Step 2: Scan the QR Code with your App's Scanner and you will be prompted to access the World Offshore Week App

REGISTRATION ACCESS FOR WORLD OFFSHORE WEEK

1 COMPLIMENTARY VISITOR PASS (WHITE)

[Click here to register for your complimentary pass](#) 

- Access World Offshore Week's exhibition hall and interact with all exhibitors
- Attend six different exhibition on-floor theatre programs
 - Offshore Engineering **(16 Sep)**
 - Decarbonisation: Oil, Energy, & Marine **(16 - 17 Sep)**
 - Offshore Wind **(16 - 17 Sep)**
 - Offshore Digital: Oil, Energy & Marine **(16 - 17 Sep)**
 - Offshore Crewing & Manning **(16 Sep)**
 - Offshore Supply Chain & Procurement **(17 Sep)**
 - Floating Solar Asia **(17 Sep)**

2 PREMIUM VISITOR PASS (SGD \$599) (BROWN)

Upgrade your complimentary visitor pass for just \$599 to enjoy new access points and premium networking opportunities at the exhibition hall

- Access McDermott's Premium Visitor Lounge (**Interact with offshore leaders and share experiences on offshore projects**)
- Attend World Offshore Week's Cocktail Reception on Day 1 (**Network with senior level delegates in a private exclusive setting**)

3 ALL-ACCESS PASS (SGD \$4,899) (BLUE)

Full Access across World Offshore Week including main conference FPSO World Congress

Contact us at enquiry@iqpc.com.sg OR head over to the Registration Counter onsite to upgrade your pass!

WHY INPROCESS IS THE LEADER IN MULTI-PURPOSE DYNAMIC SIMULATION PROJECTS

With over 100+ process simulation experts, Inprocess has self developed their proprietary Infrastructure Suite (IIS) which allows them to deliver all combinations of direct-connect or emulated Operator Training Simulators.

The Multi-Purpose Dynamic Simulator (MPDS) represents a transformative leap in process plant lifecycle, redefining how dynamic simulation can be utilized beyond traditional boundaries. By extending the application of a single, evolving dynamic model across all phases of a plant's lifecycle, MPDS delivers unparalleled benefits in design validation, operational excellence, and risk mitigation

16 SEPTEMBER 2025, 9:30AM

Oriol Millan

Chief Executive Officer

Inprocess

CATCH ORIOL IN ACTION ON

ADVANCING OFFSHORE OPERATIONS WITH PROCESS SIMULATION

- Enhancing safety, efficiency, and profitability through advanced simulation
- Integrating digital twins for real-time operational insights and optimisation
- Developing operator training systems to improve workforce readiness and performance

SPOTLIGHT SESSIONS NOT TO MISS

16 SEPTEMBER 2025, 09:00AM @ COMBINED PLENARY HALL

New Wei Siang

Director (Maritime Decarbonisation &
Net-Zero Pathways)

Maritime & Port Authority of Singapore

CATCH WEI SIANG IN ACTION ON

NAVIGATING THE GREEN WAVE: GLOBAL AND DOMESTIC POLICIES FOR MARITIME DECARBONISATION

- Singapore's maritime decarbonisation efforts, such as through the decarbonisation of port infrastructure and harbour crafts, and development of capabilities and value chain to supply alternative fuels
- Global maritime decarbonisation efforts through IMO: Outcomes of MEPC 83 and what is next
- Importance of international collaboration through Green and Digital Shipping Corridors (GDSCs) and the IMO to advance the energy transition

16 SEPTEMBER 2025, 10:40AM @ OFFSHORE DIGITAL THEATRE

Yag RAJENDRAN

VP Energy APAC & UK
Marlink

Christabel PEREIRA

Cyber Security Specialist
Marlink

CATCH YAG & CHRISTABEL IN ACTION ON

SECURING REMOTE OPERATIONS: ENHANCING CYBER RESILIENCE WITH MANAGED, HYBRID NETWORKS

- Understand the latest advancements in satellite connectivity and how multi-orbit solutions can support your critical systems, enabling resilient operations and accelerating digitalisation.
- Find out how hybrid networking can help improve operational efficiency, optimising network management, while safeguarding your network and crew
- Learn about the latest cyber security trends impacting FPSOs and how to bridge the IT and OT security gap with risk management strategies and best practices

SPOTLIGHT SESSIONS NOT TO MISS

16 SEPTEMBER 2025, 11:40AM @ OFFSHORE ENGINEERING THEATRE

Joost van der Wiel
Tender Manager
JUMBO Offshore

Martin Kobiela
Moorings & Anchors - Value & Performance Authority
Intermoor

CATCH JOOST & MARTIN IN ACTION ON

INNOVATIVE MOORING FOR DEEPWATER FLOATERS: INSIGHTS FROM OFFSHORE INSTALLATION EXPERTS

- Jumbo Offshore will share their experience in transport and installation of mooring systems utilizing versatile Heavy Lift Crane vessels
- Intermoor will share their expertise in anchor design, engineering and installation and hook-up of mooring systems for floaters in deep water.

16 SEPTEMBER 2025, 1:20PM @ OFFSHORE DIGITAL THEATRE

Shardul Sirsamkar
Global Marketing Leader – Upstream O&G
Honeywell

Honeywell

CATCH SHARDUL IN ACTION ON

REMOTE OPERATIONS: JOURNEY TOWARDS ACHIEVING OPERATIONAL EXCELLENCE

- Explore the journey towards achieving operation excellence through digital transformation and the adoption of advanced technologies.
- Discuss the challenges faced during the process and the level of operational excellence that can be achieved.
- Exchange ideas on how to prepare for future industry requirements.

SPOTLIGHT SESSIONS NOT TO MISS

17 SEPTEMBER 2025, 9:40AM @ DECARBONISATION THEATRE

Noorazmah Yusoff
Head of Drilling and Engineering
Petronas

CATCH NOORAZMAH IN ACTION ON

EXPEDITING DECARBONISATION IN OFFSHORE DRILLING: A FIVE-YEAR PLAN FOR PROACTIVE PROGRESS

- Reframing decarbonisation from a regulatory hurdle to a strategic advantage
- Implementing new technologies and processes to lower drilling emissions
- Aligning operations with a staged, actionable five-year decarbonisation roadmap
- Engaging stakeholders across the value chain to accelerate collective impact

17 SEPTEMBER 2025, 11:00AM @ DECARBONISATION THEATRE

Pankaj Porwal
General Manager, Project
& Fleet Sustainability
Hafnia

Justin Tan
Trading Manager, Marine Fuels
Pertamina International
Marketing & Distribution

CATCH PANKAJ & JUSTIN IN ACTION ON

ALTERNATIVE MARINE FUELS & SUPPLY CHAINS: BEYOND THE VESSEL

- Building green fuel supply chains: production, storage, and bunkering infrastructure
- De-risking investments in ammonia, hydrogen, and biofuels through public-private partnerships
- Strategies for regional fuel hubs, shipping corridors, and port-led decarbonisation

SPOTLIGHT SESSIONS NOT TO MISS

17 SEPTEMBER 2025, 2:20PM @ FLOATING SOLAR ASIA THEATRE

Stefan Huebner
President
**Society of Floating
Solutions Singapore**

CATCH STEFAN IN ACTION ON

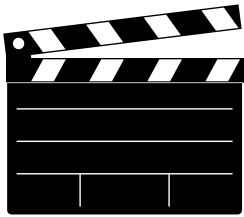

Floating Solar's Moment – What Will It Take to Lead the Transition?

- Addressing the specific challenges and opportunities in this rapidly growing region
- Exploring policy frameworks and investment opportunities in Asian floating solar markets
- Case studies of existing and planned floating solar projects in Asia

Upgrade your pass to enjoy priority seating for each Theatre, networking cocktail and more!

Price: SGD \$599

FEATURED CORPORATE VIDEOS @ WORLD OFFSHORE WEEK

Catch Special Features of the following companies at our Theatres / Plenary Hall! Videos will be played at session breaks!

Video Screening will be based on different break sessions for the individual theatres. View the agenda for more information regarding the specific break sessions.

EXCLUSIVE NETWORKING OPPORTUNITIES @ WORLD OFFSHORE WEEK

Exclusively available for all **Delegate Pass** and **Premium Visitor Pass** holders, head over to the Premium Visitor Lounge and join in the Networking Cocktail Reception

Networking Cocktail Reception
16 September 2025, 5:30PM

The Premium Visitor Lounge is proudly sponsored by

The Networking Cocktail Reception & Premium Visitor Lounge is only open to visitors holding Blue and Brown lanyards only

To upgrade your pass, head over to the Registration Counter and look for our friendly staff for assistance!

FUN FACTS ABOUT OUR EXHIBITORS!

AcuMed Medical	Come Visit AcuMed at Booth D05 - Discover how AcuMed supports the healthcare needs of the offshore and marine industry with our comprehensive suite of healthcare services, solutions, and on-site support capabilities. Our friendly team will be happy to share more and visitors can walk away with some exclusive event keepsakes as a thank you!
AIZE AS	Did you know that Aize connects data, people, and processes by transforming how assets are engineered, built and maintained through digital twin technology?
Akselos	Did You Know? Akselos' RB-FEA runs 100,000x faster than traditional FEA—helping FPSOs avoid up to \$3M/day in downtime recovery costs.
Alba Gaskets	Alba Gasket is the market leader in Reverse Integrity Gaskets. Our products are widely used in the FPSO sector and are designed to provide a faster, more reliable, and less expensive leak test solution
ABB	ABB enables offshore assets to run smarter and greener. Going beyond electrification, we provide integrated automation and digital solutions that support remote monitoring and optimization, boosting efficiency and safety.
Ancloz Engineering	Ancloz Engineering is a manufacturer of removable jacketing solutions for FPSOs. This includes removable insulation and passive fire protection that is typically used on ESDVs, Risers, Flanges, and other critical equipment. These items provide crucial safety coverage for FPSO processing and operations and is an imperative safety requirement.
BASS Software Ltd	Of Norwegian origin, BASSnet has been leading maritime digital innovation for nearly 30 years—earning the trust of ship owners and managers since 1997!
Boskalis	Boskalis is a unique Transport and Installation contractor which provides turnkey services to the Floating Productions Assets
Castrol	Did You Know? Traditional oil analysis can take days — but Castrol SmartMonitor delivers insights instantly. Real-time monitoring. Real results. Stop by the Castrol stand – CO2 to discover the future of the used oil analysis.
Cenosco	Proven at depths of ~3,000 m on the world's deepest producing FPSO, Cenosco IMS delivers risk-based integrity decisions that maximize reliable uptime while preserving functional safety.
ContiTech	ContiTech is one of the world's leading industry specialists. The Continental group sector offers its customers connected, environment-friendly, safe and convenient industry and service solutions using a range of materials for off-highway applications, on rails and roads, in the air, under and above the ground, in industrial environments, for the food sector and the furniture industry. With about 42,000 employees in more than 40 countries and sales of some 6.8 billion euros (2023), the global industrial partner is active with core branches in Asia, Europe and North and South America.

FUN FACTS ABOUT OUR EXHIBITORS!

Ceragon	Ceragon delivered the industry's longest offshore stabilized wireless connections: 200 km offshore-onshore and 120 km FPSO-to-shore
Dongtai Yuanyang Stainless Steel	Did You Know? We are among the first batch of manufacturers in China producing super duplex stainless steel pipe fittings, providing high-performance solutions for offshore, petrochemical, and new energy industries.
EPIC POB	Matt Damon has used our Smart-Trac System! The global superstar was aboard a floating hotel during filming and was registered on Smart-Trac - this meant he was tracked during gangway movements and mustering among a POB of approx 400. If it's good enough for Hollywood, it's good enough for you!
Excel Marco	Excel Marco's solutions power offshore platforms, refineries, and power plants quietly keeping the world running 24/7.
F H Bertling	Bertling Logistics has delivered FPSO and Offshore Project Cargo to over 20 countries – connecting global supply chains to offshore sites. Moreover, we have more than 160 years of expertise to back us up
Flyability	Even without GPS, the Elios 3 confined space drone can navigate using its sensors and mapping technology, making it perfect for places where satellite signals are denied.
GAC Singapore	Comprehensive vessel movements, personnel logistics and cargo handling powered by local expertise and global coordination. From stowage and integration to offshore delivery and operational support, GAC Keeps your FPSO project on track.
Global Hydraulics	Global Hydraulics Pte Ltd is a highly specialized service provider for all Hydraulic needs, including repair and service, rental of equipment and hydraulic accessories!
HUBER+SUHNER	Our RADOX® OFL® is a game-changer in offshore topside cabling? It delivers up to 60% lighter weight than standard cables!
IK Trax	For almost 30 years, IK Trax has been delivering Intelligent Pipeline Technology that makes pipeline operations smarter, safer and more reliable worldwide.
Inov8 Systems	Inov8 Systems has deployed over 600 Oil in water analysers in the field since it's inception in 2019, and is the fastest growing oil in water analyser company in the world.
Inprocess	Our Multi-Purpose Dynamic Simulators (as a whole or as separate bits) are servicing 40 of the current operating FPSOs. Holistic Process Models include in a single dynamic simulation case the subsea pipelines and the ship processing facilities being therefore suited to carry out combined operational studies

FUN FACTS ABOUT OUR EXHIBITORS!

Jereh Group	Jereh Offshore – powering innovation across the world’s oceans, backing the FPSO market with cutting-edge offshore solutions.
Jiaxing MT Stainless Steel (MTSCO)	MTSCO is a factory complex, who is specializing in pipeline system products with full materials & sizes and a full set of PED/M650 certificates.
Jumbo Maritime	Jumbo Offshore Installation Contractors will announce an Alliance with another well-known Company in the deep water mooring market to further strengthen our proposition for deep water mooring solutions. Curious about the Alliance and the deep water mooring solutions we can provide? Please visit us at our booth to learn more about Jumbo Offshore’s offering and capabilities.
Kongsberg	Kongsberg Maritime is a global marine technology company providing innovative and reliable technology solutions for all marine industry sectors. Over 30,000 vessels are equipped with Kongsberg Maritime products worldwide.
Latham & Watkins LLP	With over 3,500 lawyers in more than 29 offices across the world's major financial centers, Latham & Watkins is a leader in offshore and floating oil & gas infrastructure, including FPSO projects, expertly navigating complex agreements to achieve successful client outcomes. We regularly execute more than 100 project financings worth billions of dollars in aggregate every year, including many “deals of the year” in markets around the globe.
Marking Services	Founded in the United States in 1988, Marking Services has expanded globally with offices in Australia, Singapore, Canada, Korea, Qatar, Germany, and the Philippines, supporting both commercial and industrial facilities worldwide for over 35 years!
PlantStream Inc	Did you know that PlantStream enables EPC contractors and plant owners to cut initial spatial plant design man-hours by 75% with auto-routing, and to cut From-To list preparation time from P&ID by 50% with its latest AI features?
REMBE	REMBE's KUB® rupture disc is extremely robust, it is almost immune to damage caused by mishandling, you can even drop it, and it will still burst at its set burst pressure! Ensuring precision and safety is our mission!
Special Piping Materials	Did you know since year 1989, Special Piping Materials has established 7 stock locations and sales team for Duplex SS, Super Duplex SS and other exotic piping materials, included in UK(Europe), Asia, Australia, Middle East, North America, South America & Africa? Well, in term of exotic, the only continent we have yet reached out is Antarctica
Sulzer	Creative Pump Solutions Leading the Way for Tomorrow’s Energy Needs. At Sulzer, your mission is an opportunity for our teams to deliver another innovative first. With a track record of creative pump solutions, Sulzer have set the industry standard with engineering creativity since 1834.

FUN FACTS ABOUT OUR EXHIBITORS!

SGS	Find Us At: Booths B05 & B07 SGS has been providing testing, inspection, and certification services worldwide for over 100 years, supporting safer, more efficient, and sustainable offshore operations across every stage of the FPSO asset lifecycle!
Survival Systems International	SSI is the only certified manufacturer of the load over centre hooks called T5LX. Come down to our booth to have a hands on experience with the T5 hooks!
Teledyne Gas & Flame Detection	PROTECTING FPSOs : Visit booth D24 to discuss SAFETY with Fixed and portable Gas and Flame Detection PRODUCT DEMOS
TEMA India	From delivering 10,000+ customized process equipment units worldwide to powering the transition from oil & gas to green energy, Tema India has done it all! Even more, we're among the few global manufacturers qualified to design and build Heat Exchangers and Pressure Vessels for FPSO & FLNG projects across the globe.
Tubacex	Tubacex's tubular solutions are trusted in FPSO projects worldwide, designed to withstand high pressure, high temperature, and corrosive offshore conditions.
Valves & Piping Asia Pte Ltd	VPA supplied more than 40,000 valves (valued over USD200M) to the construction of 4 major FPSO projects in last 3 years.
Wison New Energies	Find Us At D23 - Wison New Energies FPSO EPCIC solutions offer international-level cost, schedule and delivery advantages. Our green and low-carbon solutions seamlessly blend technology with cost efficiency to propel sustainable market growth.
Xinlaisen Engineering Technology	Xinlaisen top management consists of experienced international personnel executing major international projects with over 20 years' international project experience.
Nobleseas Engineering	Nobleseas have undertaken variety of complex engineering scopes and completed 50,000+ engineering manhrs on majority of Australia based FPSOs in life-extension, redeployment, asset integrity and decommissioning.
OES Group	OES Group pioneered the world's first fully digital DROPS inspection software, enabling real-time insights and smarter asset management. This innovation, recognized with an award at the Offshore Technology Conference, has since been deployed across 55+ countries worldwide.
TP-Products	TP-Products conducts design, development, engineering, manufacturing, assembling, testing and delivering globally of Compact and Ultra Compact Flanges for topside and subsea, Compact Clamp Connectors for topside and subsea, Swivel flanges, Seals for all above.
Aries Marine	In less than 30 years, Aries Group has grown into a global force – 80 companies across 29 countries, delivering 126,000+ projects and serving 11,000+ clients worldwide! The leading Offshore Engineering & Inspection firm in ASIA

CASH PRIZE GIVEAWAY

DAY 1
16 SEPTEMBER 2025!
SGD \$2,000 given out!

DAY 2
17 SEPTEMBER 2025!
SGD \$8,000 given out!

SGD \$1,000

PROUDLY SPONSORED BY

SGD \$1,000

PROUDLY SPONSORED BY

SGD \$8,000

How to Participate?

Step 1:

Visit Inprocess (C09) , Ceragon (C13) , Century Group (E18), FPSO Network (A01), to obtain a unique sticker from each of them

Step 2:

Verify your entry at the FPSO Network Counter by 3.30PM (A01)

Step 3:

Be Lucky! The winner will be announced at the Decarbonisation Theatre at 4.00pm on Day 1 and Day 2.

**Winners must be present at the time of announcement!*

HOW TO MAKE THE MOST OUT OF YOUR EXPERIENCE @ WORLD OFFSHORE WEEK

Increase your chances at winning our SGD \$8,000 cash prize giveaway by visiting Inprocess (C09) , Ceragon (C13) , Century Group (E18), FPSO Network (A01)

Join the Cocktail Reception at the end of Day 1!

Network with Offshore Leaders at the Premium Visitor Lounge

Rest & Recharge at the Resting Zone

Grab a bite and some drinks at our Visitor Lounge

Visit all exhibitor booths and learn more about the top solution providers in the offshore industry

Grab a cup of Coffee from Boskalis (B06)

Enjoy some popcorn from REMBE (C17)

Visit Alba Gaskets at Stand S05 for your chance to win a fine bottle of whisky.

Grab a cup of Coffee from Marlink (D17)

Attend a brand new live demo session by Castrol (C02)

Be an Early Bird & Claim your complimentary lunch voucher at the Registration Counter!

Catch Special Feature Videos at our Theatres! Videos will be played at session breaks!

Be an Early Bird & Claim your complimentary transport GOJEK voucher using the promocode "WOW2025"

Visit Ancloz's Booth (S02) to learn more their fire protection & insulation for equipments!

Take part in our SGD \$8,000 cash prize giveaway and be lucky!

Grab a cup of Coffee from VP Asia (B01)
