

WORLD OFFSHORE WEEK

16 - 17 SEPTEMBER 2025 | SINGAPORE EXPO

**#1 MEETING PLACE FOR
THE OFFSHORE OIL, ENERGY,
AND MARINE SECTOR**

www.worldoffshoreweek.com

WHAT IS WORLD OFFSHORE WEEK ABOUT?

World Offshore Week is the #1 mega show bringing together all industry stakeholders impacting the offshore oil and gas sector. This leading platform is the focal point for the offshore industry to discuss best practices and latest solutions in transforming the future of offshore energy.

PREMIUM CONGRESS

*Attendance to the Premium Congress require a purchased pass

**OFFSHORE
ENGINEERING**

**OFFSHORE
DIGITAL**
OIL, ENERGY & MARINE

WIND**

**DECARBONISATION:
OIL, ENERGY & MARINE**

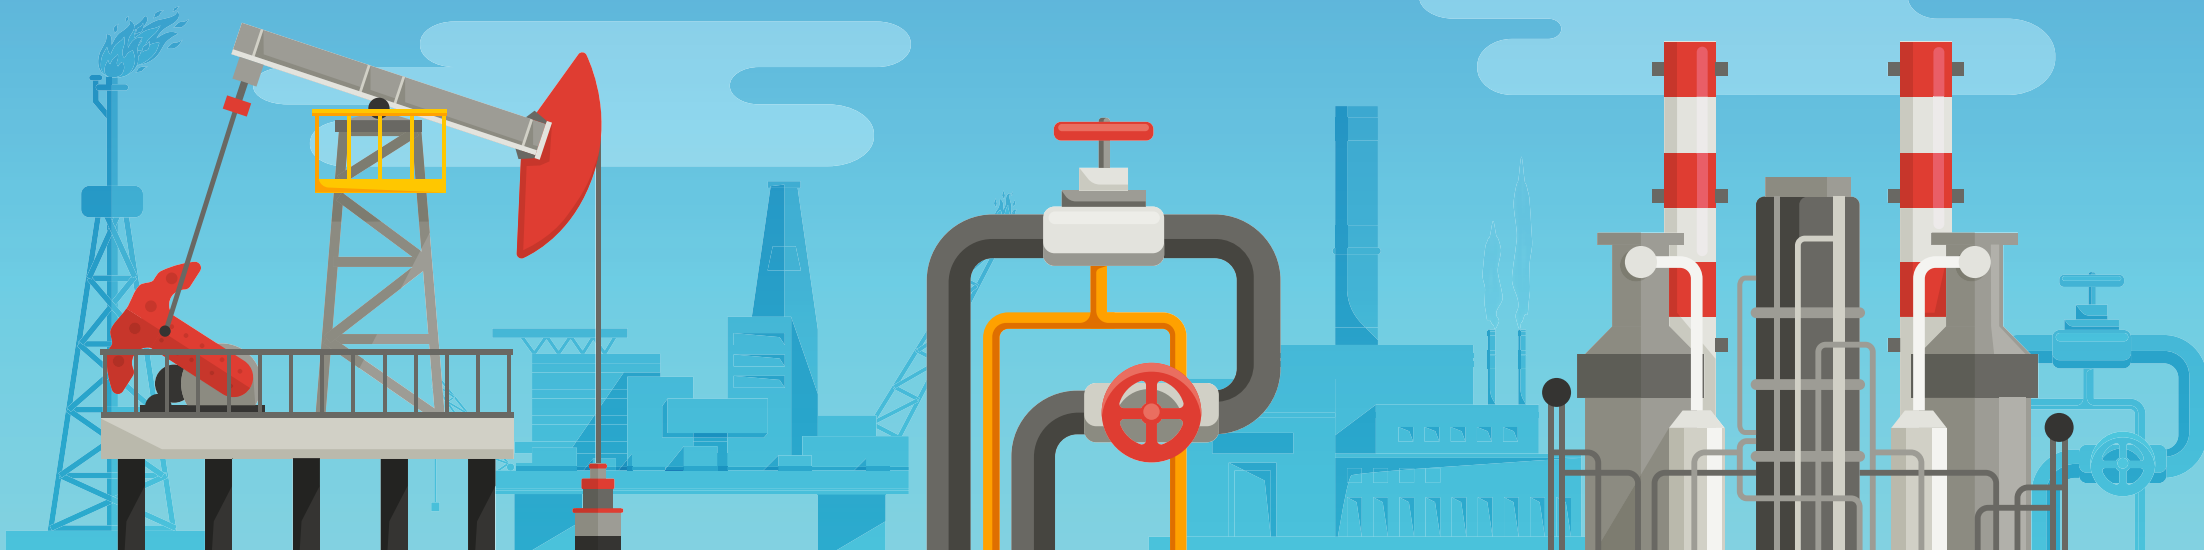

OFFSHORE
SUPPLY CHAIN & PROCUREMENT

OFFSHORE
FACILITIES & MANNING

WHAT CAN YOU EXPECT?

3000+
Attendees

400+
Main Stage Congress Delegates

100+
Speakers

90+
Exhibitors

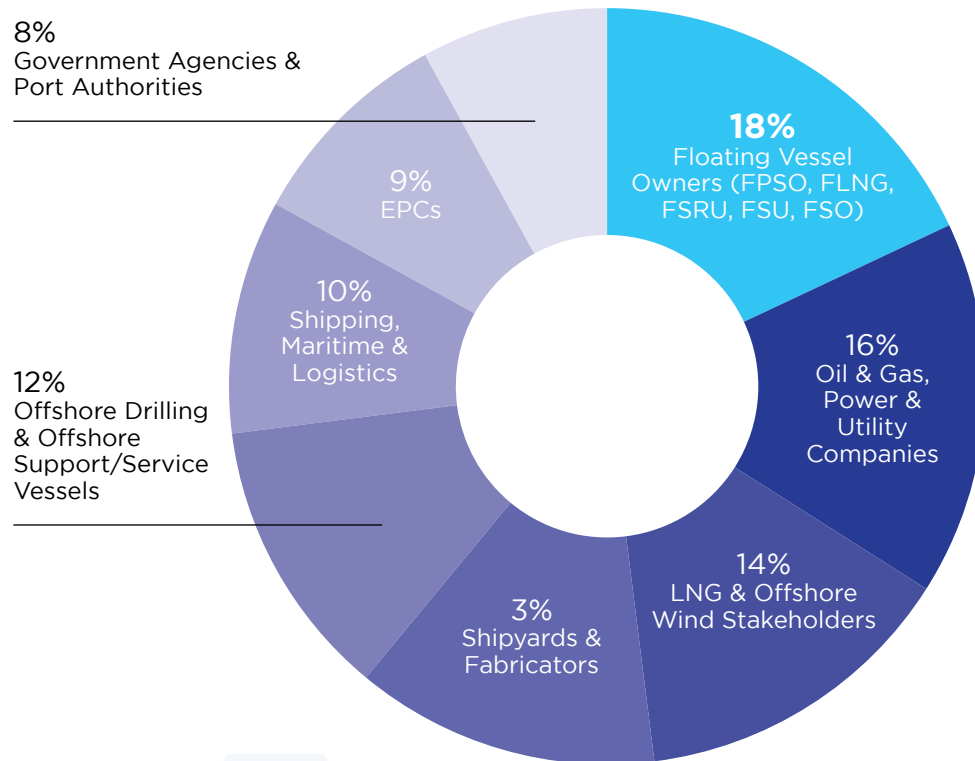

5
Exhibition Theatres at the
Exhibition Hall

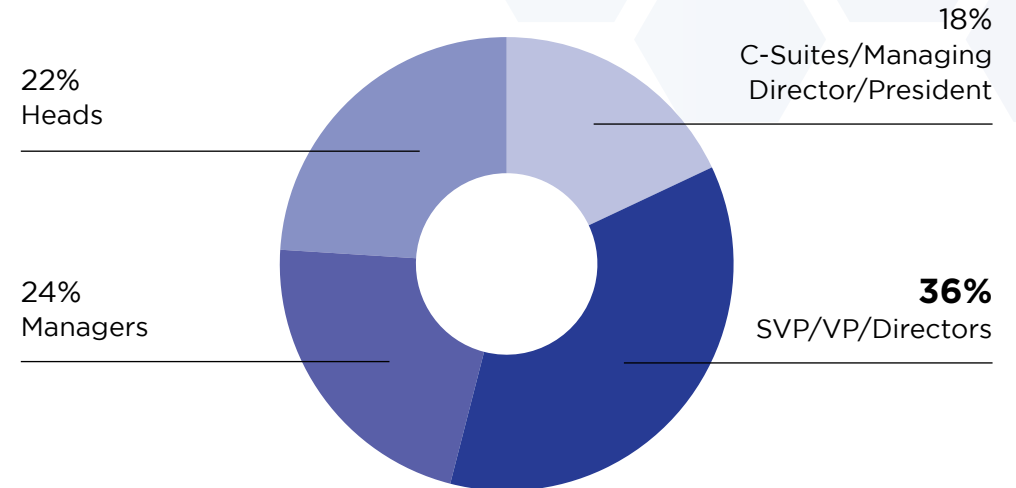

1
Main stage Congress
on FPSOs

WHO WILL BE THERE?

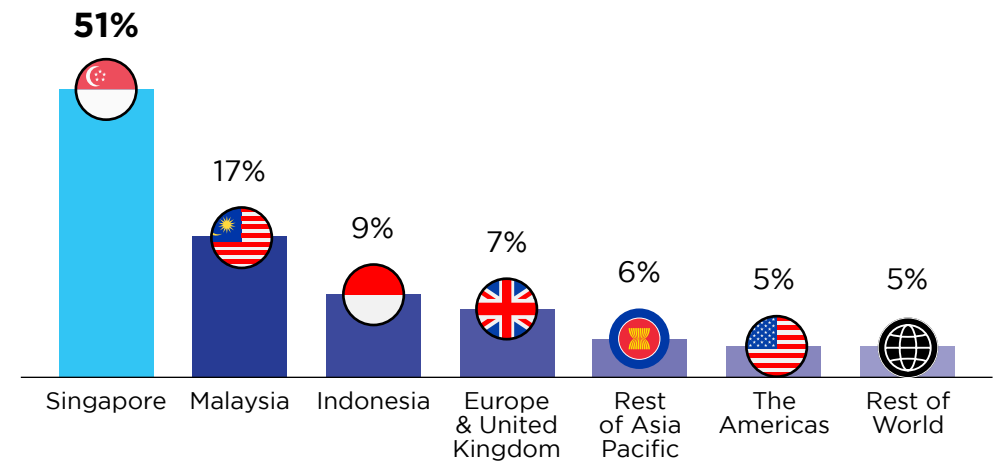

INDUSTRY

SENIORITY

GEOGRAPHY

WHO WILL BE THERE?

OIL & GAS PRODUCERS

- Supply Chain
- Engineering & Commissioning
- Offshore Projects
- Category Manager
- Procurement & Contracting
- Field Development
- Upstream
- IT, Technology & Digital
- Human Resources
- Health, Safety & Environment
- Facilities

OFFSHORE WIND

- Operators
- Operations
- Projects
- Development

EPC CONTRACTORS & SHIPYARDS

- Maintenance
- Operations
- Engineering & Commissioning
- Offshore
- Vessel Support
- Construction Design & Build

OFFSHORE PLATFORMS, RIGS & FLOATING VESSELS

- Instrument & Control
- Procurement & Contracting
- Engineering & Commissioning
- Supply Chain
- Naval Architects
- Project & Development
- Operations
- IT, Technology & Digital
- Human Resources
- Health, Safety & Environment
- Facilities
- Operations
- Offshore Installation Manager

OFFSHORE IT/ TECHNOLOGY

- IT/Technology
- SCADA
- Industrial Control Systems (ICS)
- Digital
- Operations
- Cyber Security
- Control Room

OFFSHORE LNG

- Operators
- Operations
- Projects
- Bunkering
- Development
- Commercial & Trading

SHIPPING & MARITIME

- Ship Owners
- Shipping Companies
- Port & Terminal Operators
- Government Agencies
- Fuel Suppliers

WORLD OFFSHORE WEEK THEATRES

The industry anticipates that vessel deployments will rise significantly over the next five years to cater to the heightened demand for oil. This has pivoted the focus of industry to ensure they are maximising production by building vessels that have an optimal design parameter to boost vessels' engineering processes, low cost and digitalising processes to increase operational effectiveness, safety engineering and managing re-deployment of vessels. Offshore Engineering & Commissioning will gather top engineering, commissioning, instrument & control, facility & vessel design experts from the industry to discuss best practices in boosting engineering processes to improve operational performance, process and system optimisation, onboard safety management and extending the shelf life of vessels.

Who is this for?

- Engineering
- Commissioning
- Instrumentation & Control

According to industry reports, digital technologies can improve upstream operational efficiency by up to 20% and reduce operational costs by up to 15%. In addition, remote operations powered by technology are expected to reduce offshore manning by up to 30%. Offshore Digital Oil, Energy & Marine refers to the application of digital technologies and data-driven solutions in the exploration, production, and operation of oil and gas assets located in offshore environments, such as deepwater drilling platforms, floating production systems, and subsea installations. Offshore Digital Oil, Energy & Marine will gather top IT, Technology, Information, Digital and Operations leaders from the industry to discuss best practices in digitalising offshore oil and gas operations aims to enhance efficiency, safety, sustainability, and decision-making across the entire asset lifecycle.

Who is this for?

- IT & Information Systems
- Technology & Digital
- Operations

The global offshore wind industry is experiencing rapid growth, driven by increasing energy demand, climate change concerns, and supportive government policies. With a global installed capacity of over 120 GW, the sector is poised to play a pivotal role in the energy transition. Significant investments totalling approximately USD 150 billion in 2022 have fuelled the development of large-scale offshore wind farms. Technological advancements have led to a 35% reduction in the levelised cost of energy (LCOE) over the past decade, making offshore wind increasingly competitive. Offshore Wind will bring Power & Utility, Oil & Gas, Renewable Energy, Power Producers, Wind Farm Operators, Wind Turbines, EPCs, Shipyards together to explore the potential growth of offshore wind, develop a roadmap to speed up the development of offshore wind farms, identify the drivers of offshore wind growth and discussing the cost involved in building offshore wind farms.

Who is this for?

- Offshore Wind Farm Operators
- Floating Wind Operators
- Offshore/Floating Wind Projects Development/Operations

WORLD OFFSHORE WEEK THEATRES

Marine activity for nearly 6% of global greenhouse gas emissions. With increasing pressure from international regulations and the need to mitigate climate change, the industry must adopt cleaner technologies and sustainable fuels. This shift not only ensures compliance with evolving standards but also drives innovation and long-term operational efficiency in maritime logistics. Decarbonisation: Oil, Energy & Marine will bring together industry leaders and technology providers to accelerate the transition to a low-carbon future.

Who is this for?

- Oil & Gas, Energy, Shipping
- Ship Owners & Operators
- Port & Terminal Operators
- Government Agencies
- Fuel Suppliers

Rising demand for energy across the globe has driven project needs higher than before. What does this mean for supply chain and procurement leaders? A massive increase in projects has led to reduced yard capacity around the world. This has led to complexities in vendor management: supply chain leaders are trying to work with vendors to ensure that goals and missions are aligned. Offshore Supply Chain & Procurement will bring the industry's leading stakeholders together to explore the immense opportunities in the market and discuss best practices and strategies to tackle these challenges and create resilient supply chains.

Who is this for?

- Supply Chain
- Procurement
- Contracting

Offshore Facilities & Manning refers to the human resources management and infrastructure required to support various activities in the offshore industry – which often take place in remote offshore locations. The effective management of manpower, accommodation, safety, and logistics is crucial to ensure smooth and safe offshore operations. Offshore Facilities & Manning will bring the industry's leading stakeholders together to explore best practices in ensuring the smooth and safe operation of offshore installations, supporting the offshore sector in harnessing energy resources and maintaining sustainable operations in challenging marine environments.

Who is this for?

- Facilities Manager/Superintendent
- Offshore Installation Manager
- Human Resources
- Health, Safety & Environment

AGENDA AT-A-GLANCE

Wednesday, 16 September 2025

The **FPSO World Congress** is the world's leading FPSO-focused gathering; bringing together Oil Producers, FPSO Contractors, EPCs, Shipyards, Sub-Contractors, Solution Providers and more.

This industry-leading platform is the focal point for the industry to discuss best practices and latest solutions in strengthening the future of FPSOs along the industry's transformative roadmap to sustainability and renewable energy.

*This session requires paid ticket access.

Maritime Decarbonisation 2025 will bring together industry leaders and technology providers to accelerate the transition to a low-carbon maritime future.

This platform has been designed for Shipping Companies, Ship Owners & Operators, Port & Terminal Operators, Government Agencies, Fuel Suppliers and more.

Designing High-Quality Front-End Engineering and Pre-Feed Designs

Leveraging Operational Data & Engineering Processes to Improve the Reliability of Operational Facilities

Key Challenges in Offshore Commissioning and How to Address Them

Advancing FPSO Engineering Processes to Maximise Oil Production

Best Practices for Offshore Vessel Engineering & Commissioning

Analysing the Modern Automation Approach in Vessel Design Facilities

Digital Transformation in Offshore Oil & Gas: Trends and Outlook

Role of Digitalisation in Energy Transition

Navigating Challenges in Digitalisation for Offshore Oil and Gas Operations

Successful Implementation of Offshore Digital Oil & Gas

Optimising Offshore Production and Reservoir Management

Enhancing Offshore Safety and Asset Integrity through Digital Solutions

Reviewing Hotspots and Opportunities for Offshore Wind Projects in Asia

The Rising Relevance of Offshore Wind Projects Amidst Growing Emphasis on Renewable Energy

Addressing Challenges for Offshore Wind Projects in the APAC Region

Navigating Critical Challenges for Successful and Commercially Viable Offshore Wind Projects

Scaling Floating Offshore Wind Farm Operations in the APAC Region

Exploring Innovative Technologies and Designs for Offshore Wind Farms

Renewable Energy Offshore Facilities: Challenges and Opportunities

Optimising Offshore Facility Performance

Offshore Facility Upgrades and Modifications

Offshore Accommodation and Living Quarters

Human Capital and Workforce Management in Offshore Operations

Safety, Emergency Response, and Health Management

AGENDA AT-A-GLANCE

Thursday, 17 September 2025

The **FPSO World Congress** is the world's leading FPSO-focused gathering; bringing together Oil Producers, FPSO Contractors, EPCs, Shipyards, Sub-Contractors, Solution Providers and more.

This industry-leading platform is the focal point for the industry to discuss best practices and latest solutions in strengthening the future of FPSOs along the industry's transformative roadmap to sustainability and renewable energy.

*This session requires paid ticket access.

Decarbonisation: Oil, Energy & Marine 2025 will bring together industry leaders and technology providers to accelerate the transition to a low-carbon maritime future.

This platform has been designed for Shipping Companies, Ship Owners & Operators, Port & Terminal Operators, Government Agencies, Fuel Suppliers and more.

Enhancing Maintenance Engineering Practices in Offshore Assets

Exploring Advanced Offshore Drilling Engineering Techniques

Innovations and Best Practices for Advanced Offshore Safety Assessment Techniques

Engineering Best Practices for Offshore Support Vessels

New-Age Practices in FLNG Engineering to Boost Operations

Building Robust Risk Management Practices in Engineering and Commissioning

IoT and Connectivity in Offshore Environments

Challenges and Solutions in Offshore Connectivity

Remote Monitoring and Digitalisation on Offshore Facilities

Data Management and Integration in Offshore Operations

Cybersecurity and Digital Risk Management in Offshore Operations

Data Security and Cybersecurity

Assessing Technologies and Designs to Manage Risks for Offshore Wind Farms

Implementing Standardisation and Modularisation Strategies for Offshore Wind Farms

Exploring Innovative Technologies and Turbine Designs for Offshore Wind Farms

Leveraging Digital Twins and Remote Monitoring Tools for Efficient Offshore Wind Farm Operations

From Concept to Implementation: Establishing Floating Offshore Wind Operations

Developing Practical Solutions for Floating Offshore Wind

Navigating the Future of Offshore Supply Chain and Procurement

Understanding Critical Success Factors for Yard and Vendor Selection

Exposing Supply Chain and Procurement Challenges the Industry Must Overcome

Collaborating with Vendors and Ensuring Best Practices

Overcoming Procurement Challenges in the Offshore Oil and Gas Industry

Implementing a Robust Warehouse Management System for Offshore Operations

SPONSORSHIP OPPORTUNITIES

FOUNDATION PARTNER FOR THE WORLD OFFSHORE WEEK THOUGHT LEADERSHIP & PREMIUM BRANDING *Only 1 Position Available

- Branded as "Foundation Partner" of the World Offshore Week
- 30-minutes Plenary Presentation (inclusive of Q&A) on the morning of Day 1
- Premium 6x3m exhibition booth at the Exhibition Hall
- Premium branding across all marketing channels and materials for the event

WANT TO FIND
OUT MORE?

Email us at
sponsorship@iqpc.com.s

EXCLUSIVE
OFFER

USD\$75,000

PREMIUM BRANDING OPTIONS (CHOOSE 1)

COCKTAIL RECEPTION SPONSOR

- Branded as 'Cocktail Reception Sponsor'
- Onsite branding at the reception area
- Pre- & post- event branding across all marketing channels and materials for the event
- Premium networking opportunity with conference delegates
- Comprehensive management of all pre- onsite and post- cocktail logistics and communications

REGISTRATION SPONSOR

- Branded as 'Registration Sponsor'
- Onsite branding at conference and exhibition registration area
- High visibility for your brand onsite for all attendees across the whole show

LANYARD SPONSOR

- Opportunity for branded delegate lanyard
- Worn by all delegates at the event
- High visibility for your brand onsite

BAG SPONSOR

- Opportunity for branded delegate bag
- Given to all delegates at the event
- Opportunity to place company literature in the bag and/or a branded giveaway item
- High visibility for your brand onsite

SPONSORSHIP OPPORTUNITIES

**WANT TO FIND
OUT MORE?**

BUILD YOUR INTEGRATED MARKETING PLAN WITH US!

- Optimise your marketing investment by sponsoring World Offshore Week - as we work alongside you on an integrated campaign plan to maximize your exposure and branding
- Capitalise on this opportunity to meet both your top-of and bottom-of funnel needs at World Offshore Week
- **Tailor a package that suits your business needs**
 - Thought Leadership
 - Showcase Products and Solutions
 - Lead Generation
 - Brand Awareness
 - Networking

THOUGHT LEADERSHIP OPPORTUNITIES

PLENARY SESSION SPEAKING SPONSORSHIP **USD\$45,000**

- Branded as “Keynote Thought Leadership Sponsor” of World Offshore Week
- 30-minute Plenary Presentation/Panel Session on either Day 1 or Day 2 of the agenda
- Premium 3x3m exhibition booth at the Exhibition Hall
- Premium branding across all marketing channels and materials for the event

EXHIBITION THEATRES’ SPEAKING SPONSORSHIP **USD\$35,000**

- Branded as “Exhibition Theatre Thought Leadership Sponsor” of World Offshore Week
- 30-minute Presentation Session on the Exhibition On-Floor Theatre (inclusive Q&A)
- 3x3m exhibition booth at the Exhibition Hall near the On-Floor Theatre
- Branding across all marketing channels and materials for the Exhibition On-Floor Theatre

PRE- AND POST- CONGRESS FOCUS DAY SPEAKING SPONSORSHIP **USD\$30,000**

- Branded as “Theatre Leadership Sponsor” of World Offshore Week
- 30-minute Presentation or Panel Discussion on either the Pre- or Post-Congress Focus Day Sessions, targeted to the relevant audience joining the sessions
- 3x3m exhibition booth at the Exhibition Hall
- Branding across all marketing channels and materials for the event

SPONSORSHIP OPPORTUNITIES

COCKTAIL RECEPTION SPONSOR USD\$50,000

- Branded as “Cocktail Reception Sponsor” of World Offshore Week
- Premium networking opportunities with event attendees after Day 1 of the Exhibition
- Comprehensive management of all pre-, on-site and post-cocktail logistics and communication
- 3x3m exhibition booth at the Exhibition Hall
- Branding across all marketing channels and materials for the event

DELEGATE WELLNESS CORNER USD\$35,000

- A wellness corner fully branded with your; e.g. Delegate Massage Corner
- A focal meeting point for delegates to identify and locate you onsite
- Guarantees a high amount of foot traffic at your stand
- High visibility for your brand onsite
- Exhibition stand included

CHARGING & WORK STATIONS SPONSOR USD\$35,000

- Mobile phone charging station alongside dedicated work stations for participants
- A focal meeting point for delegates to identify and locate you on site
- Guarantees a high amount of foot traffic at your stand
- High visibility for your brand onsite
- Exhibition stand included

EVENT STATIONARY SPONSOR USD\$35,000

- Opportunity for branded stationary (e.g. pens, notepads, notebooks)
- A delegate merchandise that helps to identify you at all times during event days
- Top of mind awareness onsite
- High visibility for your brand onsite
- Exhibition stand included

COFFEE CART SPONSOR USD\$35,000

- A qualified barista will serve fresh quality coffee from a fully branded cart
- Opportunity for branded coffee cups
- A focal meeting point for delegates to identify and locate you on site
- High visibility for your brand onsite
- Exhibition stand included

GELATO STATION SPONSOR USD\$35,000

- A gelato vendor fully branded with your company
- A focal meeting point for delegates to identify and locate your on site
- High visibility for your brand onsite
- Exhibition stand included

EXHIBITION THEATRES' SPEAKING OPPORTUNITIES USD\$35,000

- Branded as "Exhibition Theatre Sponsor" on dedicated theatre/day
- 30 mins keynote speaking slot in the exhibition theatre agenda on Day 1 or Day 2
- Exhibition space in the networking exhibition hall
- Premium branding across all promotional channels and materials for the selected theatre (Website, app, brochure, etc.)
- Onsite branding theatre audience
